. e. g. electron microscopy section 8. Radiochemical methods section 9. Methods of ultraviolet spectrometry section 10. Inorganic analysis section 11. Methods of organic chemistry section. 201. Environmental Monitoring section 202. Monitoring and control of industrial processes. 203. Biological monitoring section 205. Veterinary and phycology. 204. Food monitoring section 206. Control of aquatic ecosystems. 207. Air and water pollution section. 208. Gas analysis. 201. Environmental Monitoring section 203. Monitoring and control of industrial processes monitoring and control of industrial processes section 203. Monitoring and control of industrial processes section 204. Biological monitoring section 203. Monitoring and control of industrial processes section 205. Veterinary and phycology section 208. Air and water pollution section. 202. Inorganic analysis section 205. Control of aquatic ecosystems. 222. Chemical Reactions section 223. Analytical Reagents section 224. Photochemical Methods section 225. Experimental Methods in Photochemistry section 228. Photo-chemistry section 230. Heavy-atom inorganic chemistry 232. Inorganic complex chemistry 233. Inorganic polymers section 235. Miscellaneous inorganic compounds section 236. Inorganic Biomolecules section 237. Inorganic materials section 238. Carbon Nanotubes, fullerenes and nanostructured materials section. Appendix 1. Text of the legislative instrument 1994-26-01. This instrument is an amendment of an earlier instrument 1998-04-01, published on 22 April 1994. The text of the instrument as published on 22 April 1994 is set out in the Schedule to the instrument. The text of this instrument in its amended form as published on 12 May 1998 is set out in the Schedule to this instrument. The relevant clauses in the Schedule are set out in full in the following paragraphs. The numbering used for the clauses of the instrument in this Schedule is that adopted in the instrument as originally published on 22 April 1994, i.e. 1, 2, 3,.... 1 The text of the instrument as amended is set out in Schedule 1 to this instrument. 2 (1) The title to this instrument is amended. (2) References to an "Act" are to the Chemical Analysis Act 1998. 3 This instrument is made under section 57 of the Chemical Analysis Act 1998 and is intended to make amendments to: (2 82157476af
